FRIDAY MORESTNG, JULY 26, 1872 REPUBLICAN CONGRESSION AL CONVENTION.

The Republicans of the Ninth Congr. District of Missouri will assemble in Delegate Convention in the City of St. Juseph, on WEDNESDAY, AUGUST 7, 1872,

at 12 o'clock noon, for the purpose of nominating a candidate for Congress from said District, and for the transaction of such other business as may re the Convention. The basis of representation adopted, is as fol-

It is especially recommended to the Central Exitter of each county in the district that County Conventions to elect delegates to this Congressional Convention be called at as early day as is practicable and consistent with ample

nction in railroad fare to delegates. Republican papers in the 18th District are re-By order of the Executive Committee C. B. WILKINSON, Chairn

C. W. PORTER. Secretary. REFORM AND REFORMERS.

In 1870 the Era and its followers prated considerably of reform, and pledged themselves to a more economical expenditure of the people's money. It was then charged that all this was mere talk for talk's sake .-What has the sequel shown? A few weeks ago the Erc: said in substance that it had an inherent right to do publie printing and charge its own prices for the same, simply because the Liberals elected a part of the county officers in 1870. The words were spoken as follows: In referring to the practice of the Circuit Clerk and Probate Judge of asking parties which office ther desired their work taken to-"The same question was asked the people in 1870, and they said the Era office by a handsome majority." Was it in the name of economy and reform that this very "liberal" journal demanded of the tax-payers five hunand seventy dollars for doing in an inferior manner, the same work that the REPUBLICAN asked just \$146.18 for? liberal and efficient Sheriff, elected by the liberals in 1870, refused to pay the \$146.18, after having made a solemn promise so to do, simply because they -the Chairmen of the Liberal and Democratic Committees, and the editor of the Liberal Era told him not to? Now, tax payers, how do you like the reform movement in Andrew County as far as you have gone? Do you think that all the honesty, fidelity and capacity is in the so-called "Liberal" party, after trying a part of them in office for nearly two years? What do you think of a paper claiming to be the especial champion of the overburdened tax-payers, attempting to fore from the people \$570 without rendering an equivalent in any form or manner?

The predecessors of the present County Court let the county printing to the lowest bidder, thereby saving hundreds of dollars a year to the taxpayers.) The foster children invariably give the county printing to their "poor old foster father," at his own prices, to pay for services rendered them in the campaign of 1870-which is all right, we reckon, for the parties who wish to be clerated to position by s newspaper must either find eider or furn; so much the better for them if the pay for the eider comes off the the dear people.

DELEGATE CONVENTION.

We heartily commend the action of the County Central Committee in adopting the delegate system of nominating candidates for county officers. There is no doubt that a much better ticket can be presented-one which will more generally conform to the wants of all sections of the countyby this than any other manner at present attainable. In order, however, that the fullest measure of success may be had in forming a ticket, it is absolutely necessary that the township meetings which select the delegates to the County Convention, should be largely attended. Every woter should be present at such township meeting, and by his individual vote and counsel, send as representatives of the township men of acknowledged sincerity and ability, and who will act in the interest of the party, both with reference to his own township and to the county at large. If this is done, we have no fear but that a county ticket may be presented to led a couple of years since to pay the the voters of Andrew County by the

acknowledged honesty and ability. will not on'y command the suffrage of every member of their own party, but will secure the support of independentmen of the opposite party who are more anxious for an honest and capable set of officials in the county than they are for the success of any political party.

WHATO F THE HOUR?

The prospects for the success of the Republican party throughout the country is eminently encouraging. Daily we read of honest, independent Democrats, who are fired of being lead about by the corrupt Tammany influence, gladly turn to the Republic can party as the only hope of safety and peace in the nation. Republicans, too, who have heretofore been identified with the Liberal cause in our own State, after calmly and deliberately considering what would be the result of a national triumph of the Greeley-Tammany bargain and sale, have become sincerely satisfied that such victory would be not only disgraceful, but ruinous to the country, and have come boldly forward and announced themselves as supporters of the Philadelphia nominces and plat-

In Burlington, Vermont, on Thursday last, the Republican mass meeting was the greatest political demonstration at that place since 1840. Beween eight and ten thousand people were massed in the square in front of the court house. Hon. Levi Underwood presided, and among the vice presidents were the leading merchants and professional men. Senator Carpenter, made a masterly speech and was followed by Hon, Lucius Chitten-den, of New York, Register of the Treasury during Luncoln's administration. Both speakers were greeted with cheers, and the speeches frequent-ly interrupted by applause. Delega-tions, with bands of music, were present from St. Albans, Plattsburg, Keensville, Winooski, and Vergennes, The St. Albans Grant and Wilson club came down 200 strong. After the speeches, a grand torchlight procession was formed and marched through the principal streets. Many public buildings and private residences were brilliantly illuminated. Church and College streets were a blaze of light. The greatest cuthusi-asm prevailed, and the campaign in Vermont for Grant and Wilson may be said to have opened grandly and successfully. The demonstration clearly shows that Greeleyism has but little hold with the people in Ver-

At New Haven, Connecticut, the State which the Tammanyites so confidently count upon as for the Greeley electoral ticket, one of the largest pe litical meetings ever held in the State was held on Thursday of last week. Fully ten thousand persons assembled on the green to ratify the nomination of Grant and Wilson. There was music and fireworks and a salute. The meeting was presided over by Gov. Jewett, and addresses were made by Senator Buckingham, Hon. Thos. II. Bond, Hon. II. L. Dawes, of Massa-chusetts, and Representatives Kel-And is it not strange that the very logg, Strong and Starkweather. The tmost enthusiasm prevailed. Bond's speech attracted great attention, inasmuch as he has acted with the Democratic party for years, and has been a Democratic member of the State Senate, and a candidate of the Democracy for the Lieutenant Governorship. He took the position that the Democratic party had sold out, and that between Frant and Greeley he must choos Grant as being much the safer man. Hon. Charles Atwater, the late candidate of the Democracy for Lieutenant Governor, was one of the vice Presidents of the meeting, he taking the same ground as Mr. Bond.

The New York Democrat, which The New York Democrat, which had almost made up its mind to support Greeley and his Tanim my confireres, on Saturday last nobly came out for Grant in a leading editorial, in which it said the unexpected re-sults of the Cincinnati Convention and the events following in its wake, which were fitly crowned by the nom ination of one of the founders and old-est leaders of the Republican party by the regular Democratic National convention, and its ready and zealous advocacy by these adherents of the Democracy who have forfeited all claims to public confidence, have ut-terly destroyed all expectations and iopes of a great national and truly Republican reform party, and now, two months after the failure of the reform movement, we are face to face with an entirely different state of affairs. The Democratic party, as such, tries hard to get control of national affairs in a manner and through an instrument, the novelty of which justifies the apprehension that there are serious dangers ahead. Under these circumstances we deem it incumbent upon all adherents of the Republican party to rally firmly and resolutely

round the old party flag, and to unite in supporting the Presidential ticket nominated by regular Republican Convention at Philadelphia. The report having been circulated that General Grant had authorized a bet on his own election, the editor of the Daily Wiscousin addressed a note to Long Branch, and received the following reply from General Porter, the President's private secretary:
"The President directs me to say in regard to that charge, that he never in all his life made a net upon the re sult of an election, nor has he authorized or advised any one to do so. He had no knowledge that any one had made a bet with Mr. Wilkes until he saw an announcement in the newspa-

MEMENTOES.

The Era editor highly flatters Northwest Missouri when he says Mr. J. A. Sanders "intellectually and as a gentleman of good judgment and fine discrimination is second to no one in this section of the State." That which prompted this extravagant culogium was a "tribute" published by the Era and written by Mr. Sanders, wherein the editor is spoken of in terms similar to those used in reference to Sanders. What this mutual admiration society are driving at remains to be seen -one or both of them probably want office. We would suggest to the Era editor, however, who proposes to preserve Sanders' laudafions as a memento, that he preserve at the same time the circular which Sanders signed and circulated so vigorously in Rochester Township in 1870 (as our Monroe correspondent avers) and in which the Era is referred to in the following terms:

In the city of Savannah, by strateey and the aid of Democrats, the disaffected have obtained control of the New Ero, and with a pugnacious libeller at its head, have turned it upon its former friends, as artillery captured from the enemy, and are belching forth the low billingsgate, vituperation and slander against all who may stand by the princi ples of their party and its organization.

As one of the evidences of Mr. J. A. Sanders' "good judgement and fine discrimination," the above sentiments of that gentleman ought to accompany the other memento. Let both "mementos" be filed away nicely together.

REFORM formerly meant to lessen the burden of tax-payers and reduce public expenditures. It can not mean | than nothing." that now, for the "reform" Era demands fire hundred and seventy dollars for doing a job of work which it was unauthorized to do, and which it offered to do for two hundred and twenty dollars, and was given to the REPUBLICAN office to do at one hundred and forty-six dollars. Thus, reform must mean-in the sense used by Liberal journals-charge tax-payers the highest rates, and be Liberal with the people's money to pay wireworking politicians for foisting officers into position.

HERE ! one instance of the frauds eing perpetrated by the Greeleyites -this time in Nodaway County. Mr. James Boling informs the Maryville Republican that when the Democrats started to organize a Greeley club they came to him and requested his name. He politely told them that he didn't wish to train under Greeley's lead, but they put his name down. Now Mr. Boling announces that it was wholly unauthorized by him, and furthermore, that he intends to vote for Grant and Wilson this fall, Although he has been a life-long Democrat, yet he cannot act with the party now in supporting the heretore most determined vilifier of the Demo cratic party. And Mr. Boling says

OUR neighbor's idea of "reform"judging by the action of that elitor in the past-is any movement or coup de main by which the county printing will come to his office. The Era editor is cuthusiastic and carnest for Greeley; but his enthusiasm, &c., on that head is as nothing when compared with his stupendous and unceasing efforts to retain all the county printing and advertising within his little worn-out establishment. If "Liberalism" fails to provide him the printing, Liberalism may go to the dogs. So saith ye "Liberal" editor.

IF it is in order, we would like to ask if an editor who is willing to advocate the claims of any candidate who will pay him liberally for it, can be accredited with principle enough to carry out "reform" in National affairs, even when such reform is presented in a tangible shape? If our neighbor is always ready for a hundred or a fifty-dollar bribe, men of principle can see at a giance the value of his support of any cause or candidate. The "cloven hoof" is becoming more and more apparent every day.

Is the Greeley party propose any re. form other than that of putting Democrats and "Liberal" Republicans in office, it has not been put in their platform or advocated in their journals. We presume this is the extent and scope of the "reform" they are working so hard to bring about .-This is in direct reference to the Tammany Ring of New York and the Era Ring of Savannah.

Our correspondent who inquires if it is really so, that a "Liberal" editor not a thousand miles from Savannah-offered to support J. S. Rollins for nomination as Governor in consideration of one hundred dollars in greenbacks, is informed that we made our statement on good authority, and that the assertion has not been denied.

WHY are county warrants, puder the present "reform" administration of the county selling at ten per cent. discount? Is it to allow members of the Ring to buy county paper at a discount, or is any body buying notes with the county's money?

THE REPUBLIAN shows a great lack in political larning in amoun-ing that Greeleylis a 'most carnest advocate of secesson.' Most papers like the REPUBLIAN try to disgust

Democrats with Freeley by quoting his eulogiums on rant, and if he was the speessionist the REPUBLICAN would make him how could he culogize Grant as a soldier?"—Missouri Express. The best answe we can make to the

fiery Express is a reprint the following. First, w present an extract from an article a the New York Tribune, over Horce Greeley's initials, bearing date January 21, 1861:

"What I demand is proof that the Southern peoplereally desire separa-tion from the Fre States. Whenever ssured that suc is their settled wish, I shall joyfully co-operate with them o secure the end they seek."

Greeley has sever retracted these centiments. Then, when Grant's star was in the ascardency, and Greeley had hopes of controlling some of President Grants appointments, he made this declaration a little more than a year ago:

"The people of the United States know General Grant-have known all about him since Donelson and Vicksburg. They do not know his slanderers, and do not care to know them. The Express now has a couple of

scraps" from our look, and can emoloy all its wit and wisdom in obtaining therefrom a satisfactory answer to its own inquiry. Promise-The ight in November is

between the Republican and the Democratic parties. One of the main ssues made by the Democrats is econ-"Let us ge hold of the public omy. "Let us ge hold of the pocash-box," they plead, "and we run the government for a little less

Performance-The Democrats had control of New York during the thirty-nine months ending last May 1. During that time, beside enormous taxation, they increased the debt of the city \$125,000,000, or more than \$125 to each inhabitant of the city, man woman and child. During the same period, the Republican party reduced the national debt \$332,000,000, or about \$8.75 per capita, beside re-ducing taxes some \$140,000,000 per
